Herman Kimsey = Henry Rothblatt HW 7/26/77

When Ted Gandolfo asked me for help with a radio show he was to tape with Henry Rothblatt today I asked him to give Rothblatt a note saying that I'd been told by a friend of Kimsey's that he was going to deposit his JFK assassination records with Rothblatt.

Ted says he gave him the note prior to the show.

Rothblatt's reply, he says, was "I wish I did."

He says Rothblatt says he'll be in touch with me.
